**intel** Why should you refresh today?  
...a message brought to you by Intel

**Spend smart**  
- According to Wipro Technologies, yearly support cost for a new system rises by up to 50% from year 3 to 4. Newer notebooks and processors also save you money by using less energy.

**Do more**  
- Enhance productivity by allowing users to multi-task faster using a newer notebook and a broader accessory offer that enhances your desktop experience

**Be more secure**  
- Complete tasks faster while running background security scans with newer Intel processors  
- New HP Notebook PCs have built-in technologies, such as HP Protect Tools to improve security

**0% FINANCING** on all HP PSG Smart Buys!

Through HPFS, from February 1<sup>st</sup> - April 30<sup>th</sup>, qualified customers get:  
• 0% on a **36 month** lease! (\$1,500 minimum purchase)
