# Workstation Smart Choice Super 9

## HP Performance Monitors: Greater performance, productivity and reliability.

### Performance:

- Ultra-wide viewing angles
- Faster response times and better movement
- Excellent contrast ratios provide vivid detail.
- Broad color support

### Productivity:

- Produce better colors and brightness
- Ultra-thin bezels reduce visual barriers
- Dual monitors equals larger work area
- Get quick, accurate tuning of the display with HP Display Assistant.
- Reduce eye fatigue with multi-axis adjustments

### Reliability:

- Rigorously tested with workstations and graphics to maximize performance
- Tested and qualified for out-of-the-box functionality
- Comprehensive three-year monitor limited warranty

## HP Z800 Workstation

## Monitor – Maintain – Manage

GlobalWatch is a combination of state-of-the art software technologies, trained professional technicians and vendor partnerships that name us authorized service providers.

Our GlobalWatch key to success is our proactive approach because downtime impacts your operations as well as your bottom line. GlobalWatch exposes weakness on your systems and network before they impact your operations. With our unique approach of Monitor, Maintain and Manage we keep your systems up and running at their optimal levels so you can focus on your business.
